

Mr. Steve Demos

steve_demos@sd42.ca

UNITS

- Rational Numbers
- Exponents
- Polynomials
- Equations
- Graphing
- Similar triangles
- Statistics
- Financial literacy (Integrated)

Assessment

Students are assessed continually in a variety of forms. The most important assessment is formative: this is the daily feedback they receive while they work and when they show completed HW.

Students will be graded based on their understanding of the learning outcomes. This course also has a final exam worth 20% of a student's overall grade.

2016 - 2017

Course Outline

Welcome to Math 9!

Please take a few moments to read and fill out this form, so the course expectations and communication between myself, students and the parents or guardians is clear.

Math 9 builds on the topics from Math 8 and prepares students to enter two possible courses in grade 10: Foundations and Pre-Calculus and Apprenticeship and Workplace.

Foundations and Pre-Calculus is for students entering college or univer-

Expect a challenging yet rewarding mathematics class....Go Math Titans!

sity and apprenticeship is for students entering most trades or going directly into work.

My main form of communication is through email so please take the time to contact the school with your current email address.

Parents and students will have access to students' grades through either Check My Mark or My Ed BC. As well day plans and classroom resources can be found on my web site at:

www.srtdemos.weebly.com

**If you have any questions or concerns please email me at:
steve_demos@sd42.ca**

As email is my primary form of communication with parents please ensure the office has an up to date email address on file.
